AN AUSTRIAN FEUD

One Man Is Killed and Many are Injured.

PARTICIPANTS ARE ARRESTED

Trouble Starts in Saloon Because Man Endeavors to Break Up Celebration of Austrians—Knives Are Drawn.

CHICAGO, June 25.—A feud in the Austrian colony at Thornton, Ill., resulted yesterday in a fight which waged up and down the main street of the town for an hour and ended in the killing of one man and the injury of many others.

Peter Hendricks, a laborer on the town roadway, was the innocent victim of the race war. The man who shot him gave the name of John Stienuez, a laborer in a stone quarry. Edward Goening, a night watchman, was probably fatally injured.

The fight started in a saloon, headquarters of the Austrians employed in the stone works. There had been strife among these men and an outbreak was expected.

Goening, it is thought, started the immediate trouble by trying to break up a celebration which the Austrians were having in the saloon.

The men were in crowds around the tables, drinking and singing. The entrance of Goening was the signal for an uprising. Bottles cracked over heads and knives were drawn. The fighters surged into the back yard of the saloon and then spread into the street. Stienuez secured a revolver and led a small band of men down the main street.

Crowds of people had gathered and Stienuez began shooting at them. Hendricks was in the front rank of the spectators and fell dead at the first volley. This so enraged the crowd that an immediate attempt was made to lynch Stienuez. He was surrounded and beaten on the head with beer bottles. When the police rescued him he was unconscious. He and four of the rioters were locked up.

WILL PROSECUTE

were lawyers especially appointed to report upon the prosecutions, it is understood they have the consent of the government to associate with themselves other counsel and when the first cases are called here William A. Glasgow, Jr., who has conducted the examinations for the interstate commerce commission, will be found with them.

District Attorney Thompson has been advised by the attorney-general to prepare for the prosecutions. Pennsylvania Railroad lawyers are working night and day making plans for defense.

The charge to be made by the government will be conspiracy. The charge if proved will carry a penalty of imprisonment. Mr. Simpson before leaving Philadelphia, said that he has been in constant communication with President Roosevelt and the attorney-general and that the great mass of testimony brought out at the recent hearings is by no means all that the prosecution will have to depend upon. Since the hearings have closed he has got a large amount of valuable information from private sources.

It is said on the authority of one who has been closely connected with the investigation of the coal-carrying roads by the Interstate Commerce Commission that the commission in its report will advocate government ownership of the anthracite fields. This, it is declared, will be urged as the only means of protecting the public from extortion.

INVESTIGATE DEATHS.

Chicago Traction Officials Blamed For Killing Twenty-one People.

CHICAGO, June 28.—The Record Herald today says: Indictments of the residents and leading officials of the various Chicago traction companies will be sought by Mayor Dunne if immediate and satisfactory explanations are not given him concerning the recent fatalities laid at the door of the street railway corporations. The Mayor announced last night that he would write an open letter to the traction officials today, presenting to them the report of Dr. Soty, superintendent of street car service who has notified the city executive that within 60 days 21 persons have killed by cars in Chicago. Mayor Dunne will ask the companies to affirm or deny, then to explain—the charge made by Dr. Doty. He will then follow this request with one that the officials acquaint themselves with their street railway equipment, with the condition of their lines and the existence or non-existence of proper safeguards and appliances for the protection of their patrons.

When the city executive has received the replies and explanations of the companies he will decide if they are adequate and if there is promise of improvement in the future. If he concludes that the people of Chicago are not to be given better protection he will at once submit the cases to State's Attorney Healy and ask that the grand jury return true bills, not only for the employees of the company who generally are placed under arrest and hauled into court, but for the president of every company included in his "blacklist". This list involves all the important surface lines in Chicago.

Will Investigate Fenders.

PORTLAND, June 25.—Determined to fix the blame for the frequent slaughtering and maiming of pedestrians and children by Portland street cars, District Attorney John Manning this morning called the attention of the country grand jury to the subject and summoned Mayor Lane and City Auditor Devlin to explain the changes that have been made in the street-car fender law.

This afternoon the grand jury made an investigation of the fenders used on Portland street cars and saw for themselves the inadequate provisions made by the Portland Railway Company for the protection of the public against its rapidly-operated cars.

LARGE DEFICIENCY

replacing military stores, etc., destroyed by earthquake at San Francisco, \$1,394,886.

Under the naval establishment: For general account of advances 1904 and prior years, \$352,465; for pay, miscellaneous, \$50,000; marine corps, \$416,758; maintenance, yards and docks, \$20,000; naval prison administration building at Port-mouth, N. H., \$60,000.

Under the interior department: Transportation of Indian goods, \$25,000. Under United States courts: Fees of clerks, \$86,000; assistants to the attorney-general in special cases, \$45,000.

Under the postal service: Transportation by steamboats, \$30,000; transportation by railroads, \$289,000; regulation screen and other wagon services, \$50,000; transportation of foreign mails, \$216,000. House of Representatives, \$190,057; public printing and binding, \$27,000, and under the District of Columbia, general expenses, etc., \$55,853.

The remaining sums in the bill are for varying amounts less than \$20,000, for judgments of courts and claims audited and certified to Congress.

There are several legislative provisions in the bill. In one of them authority is given the secretary of war to use the \$2,500,000 relief fund heretofore appropriated for San Francisco not only in the purchase of relief supplies, but to replace the supplies taken from the army stores. Secretary Taft has estimated that something like \$400,000 of this fund remains unexpended.

In view of statehood for Oklahoma, the amounts available for the payment of expenses of the territorial government are to be turned into the treasury when the state government is organized. The secretary of the treasury is hereafter to furnish Congress detailed estimates of expenses of collecting the revenues from customs.

Acute Rheumatism.

Deep tearing or wrenching pains, occasioned by getting wet through; worse when at rest, or on first moving the limbs and in cold or damp weather, is cured quickly by Ballard's Snow Liniment. Oscar Oleson, Gibson City, Ill., writes, Feb. 16, 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liniment cured me." Sold by Hart's drug store.
